PROFESSIONAL EXPERIENCE

2023

-

2025

Web Developer

TechVision Solutions

- Designed and developed responsive websites and web applications using HTML, CSS, JavaScript, and Bootstrap. Improved website performance and user experience by optimizing page speed and implementing mobile-friendly designs. Collaborated with designers and back-end developers to deliver high-quality projects on time.

2023

-

2024

Front-End Web Developer

Creative Digital Agency

- Built interactive and user-friendly web interfaces for client projects, ensuring cross-browser compatibility and responsive layouts. Worked closely with the UI/UX team to enhance website accessibility and visual appeal. Assisted in debugging, testing, and maintaining websites to ensure smooth functionality and performance.

2024

-

2026

Freelance Web Developer

Self-Employed

- Created custom websites for small businesses and personal clients based on their specific requirements. Managed the full development process, including website design, coding, deployment, and maintenance. Improved client websites by adding modern features, optimizing SEO, and ensuring fast loading times across devices.
